Notes to Condensed Consolidated Interim Financial Statements (unaudited)

U.S. dollars in thousands (except share data and per share data)

Note 1 - General

- a. My Size, Inc. is developing unique measurement technologies based on algorithms with applications in a variety of areas, from the apparel e-commerce market, to the courier services market and to the Do It Yourself smartphone and tablet apps market. The technology is driven by proprietary algorithms which are able to calculate and record measurements in a variety of novel ways.

The Company has three subsidiaries, My Size Israel 2014 Ltd (“My Size Israel”), and Topspin Medical (Israel) Ltd., both of which are incorporated in Israel and My Size LLC which was incorporated in Russian Federation. References to the Company include the subsidiaries unless the context indicates otherwise.

- b. During the six month period ended June 30, 2021, the Company has incurred significant losses and negative cash flows from operations and has an accumulated deficit of \$40,468. The Company has financed its operations mainly through fundraising from various investors.

The Company’s management expects that the Company will continue to generate losses and negative cash flows from operations for the foreseeable future. Based on the projected cash flows and cash balances as of June 30, 2021, management is of the opinion that its existing cash will be sufficient to fund operations until the end of March 2022. As a result, there is substantial doubt about the Company’s ability to continue as a going concern.

Management’s plans include the continued commercialization of the Company’s products and securing sufficient financing through the sale of additional equity securities, debt or capital inflows from strategic partnerships. Additional funds may not be available when the Company needs them, on terms that are acceptable to it, or at all. If the Company is unsuccessful in commercializing its products and securing sufficient financing, it may need to cease operations.

The financial statements include no adjustments for measurement or presentation of assets and liabilities, which may be required should the Company fail to operate as a going concern.

- c. Further to Note 1b of the Company’s Annual Report on Form 10-K for the year ended December 31, 2020:

On May 26, 2021, The Company, My Size Israel and Shoshana Zigdon entered into an Amendment to Purchase Agreement (the “Amendment”) which made certain amendments to a Purchase Agreement between the parties dated February 16, 2014 (the “Purchase Agreement”). Pursuant to the Amendment, Ms. Zigdon agreed to irrevocably waive the right to repurchase certain assets related to the collection of data for measurement purposes that My Size Israel acquired from Ms. Zigdon under the Purchase Agreement and upon which the Company’s business is substantially dependent, and all past, present and future rights in any of the intellectual property rights sold, transferred and assigned to My Size Israel under the Purchase Agreement and any modifications, amendments or improvements made thereto, including, without limitation, any compensation, reward or any rights to royalties or to receive any payment or other consideration whatsoever in connection with such intellectual property rights (the “Waiver”). In consideration of the Waiver, the Company issued 2,500,000 shares of common stock to Ms. Zigdon in a private placement.

The Company measured the fair value of the shares based on the quoted market price of common stock adjusted to reflect the effect of the sales restrictions.

During the six and three month period ended June 30, 2021, an amount of \$2,618 was recorded in research and development expense.

Note 2 - Significant Accounting Policies

- a. Unaudited condensed consolidated financial statements:

The accompanying unaudited condensed consolidated interim financial statements included herein have been prepared by the Company in accordance with the rules and regulations of the United States Securities and Exchange Commission (“SEC”). The unaudited condensed consolidated financial statements are comprised of the financial statements of the Company. In management’s opinion, the interim financial data presented includes all adjustments necessary for a fair presentation. All intercompany accounts and transactions have been eliminated. Certain information required by U.S. generally accepted accounting principles (“GAAP”) has been condensed or omitted in accordance with rules and regulations of the SEC. Operating results for the six months ended June 30, 2021 are not necessarily indicative of the results that may be expected for any future period or for the year ending December 31, 2021.

These unaudited condensed consolidated financial statements should be read in conjunction with the Company’s audited consolidated financial statements and the notes thereto for the year ended December 31, 2020.

- b. Use of estimates:

The preparation of consolidated financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements and the accompanying notes. Actual results could differ materially from these estimates.

Notes to Condensed Consolidated Interim Financial Statements (unaudited)
U.S. dollars in thousands (except share data and per share data)

Note 3 - Financial Instruments

Fair value of financial instruments:

Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, relating to fair value measurements, defines fair value and established a framework for measuring fair value. ASC 820 fair value hierarchy distinguishes between market participant assumptions developed based on market data obtained from sources independent of the reporting entity and the reporting entity’s own assumptions about market participant assumptions developed based on the best information available in the circumstances. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, essentially an exit price. In addition, the fair value of assets and liabilities should include consideration of non-performance risk, which for the liabilities described below includes the Company’s own credit risk.

In accordance with ASC 820 when measuring the fair value, an entity shall take into account the characteristics of the asset or liability if a market participant would take those characteristics into account when pricing the asset or liability at the measurement date. Such characteristics include, for example:

- a. The condition and location of the asset.
- b. Restrictions, if any, on the sale or the use of the asset.

As a basis for considering such assumptions, ASC 820 establishes a three-tier value hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1 - Valuations based on quoted prices in active markets for identical assets that the Company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 - Valuations based on one or more quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The expected volatility of the share prices reflects the assumption that the historical volatility of the share prices is reasonably indicative of expected future trends.

The carrying amounts of cash and cash equivalents, accounts receivable, other receivables, trade payables and accounts payable approximate their fair value due to the short-term maturities of such instruments.

The Company holds share certificates in iMine Corporation (“iMine”) formerly known as Diamante Minerals, Inc., a publicly-traded company on the OTCQB.

Due to sales restrictions on the sale of the iMine share, the fair value of the shares was measured on the basis of the quoted market price for an otherwise identical unrestricted equity instrument of the same issuer that trades in a public market, adjusted to reflect the effect of the sales restrictions and is therefore, ranked as Level 2 assets.

Note 4 - Stock Based Compensation (Cont.)**Stock Option Plan for Employees:**

In March 2017, the Company adopted the My Size, Inc. 2017 Equity Incentive Plan (the "2017 Employee Plan") pursuant to which the Company's Board of Directors may grant stock options to officers and key employees. The total number of options which may be granted to directors, officers, employees under this plan, was initially limited to 200,000 shares of common stock. Stock options can be granted with an exercise price equal to or less than the stock's fair market value at the grant date. As further described below, in August 2020, the Company's shareholders approved an increase in the number of shares available for issuance under the Plan to 1,450,000.

On May 25, 2020, the compensation committee of the Board of Directors of the Company reduced the exercise price of outstanding options of employees and directors of the Company for the purchase of an aggregate of 140,237 shares of common stock of the Company (with exercise prices ranging between \$18.15 and \$9.15) to \$1.04 per share, which was the closing price for the Company's common stock on May 22, 2020, and extended the term of the foregoing options for an additional one year from the original date of expiration. The incremental compensation cost resulting from the repricing was \$53, and the expenses during the six and three month period ended June 30, 2021 were \$1, \$0 and the expenses during both the six and three months ended June 30, 2020 were \$43.

On August 10, 2020, the Company's shareholders approved an increase in the shares available for issuance under the 2017 Employee Plan from 200,000 to 1,450,000 shares. As a result and pursuant to approval of the Company's compensation committee that was contingent on the foregoing shareholder approval, the number of shares available for issuance under the Company's 2017 Consultant Incentive Plan was reduced from 466,667 to 216,667 shares.

During the six and three month period ended June 30, 2021, the Company granted an aggregate of 97,500 of stock options under the 2017 Employee Plan, no such options were exercised and options to purchase 40,777 and 19,167 shares of common stock, respectively, expired.

The total stock option compensation expense during the six and three month period ended June 30, 2021 and 2020 which was recorded was \$171 and \$35, and \$103 and \$42, respectively.

Note 5 - Contingencies and Commitments

- a. On August 7, 2018, the Company commenced an action against North Empire LLC (“North Empire”) in the Supreme Court of the State of New York, County of New York for breach of a Securities Purchase Agreement (the “Agreement”) in which it is seeking damages in an amount to be determined at trial, but in no event less than \$616,000. On August 2, 2018, North Empire filed a Summons with Notice against the Company, also in the same Court, in which they allege damages in an amount of \$11.4 million arising from an alleged breach of the Agreement. On September 6, 2018 North Empire filed a Notice of Discontinuance of the action it had filed on August 2, 2018. On September 27, 2018, North Empire filed an answer and asserted counterclaims in the action commenced by the Company against them, alleging that the Company failed to deliver stock certificates to North Empire causing damage to North Empire in the amount of \$10,958,589. North Empire also filed a third-party complaint against the Company’s CEO and now former Chairman of the Board asserting similar claims against them in their individual capacities. On October 17, 2018, the Company filed a reply to North Empire’s counterclaims. On November 15, 2018, the Company’s CEO and now former Chairman of the Board filed a motion to dismiss North Empire’s third-party complaint. On January 6, 2020, the Court granted the motion and dismissed the third-party complaint. Discovery has been completed and both parties have filed motions for summary judgment in connection with the claims and counterclaims.

The Company believes it is more likely than not that the counterclaims will be denied.

- b. On July 5, 2021, the Company was served with a legal complaint filed by Fidelity Venture Capital Ltd. and Dror Atzmon in the Magistrate’s Court in Tel Aviv for a monetary award in an amount of NIS 1,436,679 and a declaratory relief. The plaintiffs allege that the Company breached its contractual obligations to pay them for services allegedly rendered to the Company by the plaintiffs under a certain consulting agreement dated July 2, 2014, in an amount of NIS 819,000. Additionally, the plaintiffs allege that the Company should compensate them for losses allegedly incurred by them following their investment in the Company’s shares issued under a certain private offering. In the alternative, the plaintiffs move that the court will declare the investment agreement void with full restitution of plaintiffs’ original investment in an amount of NIS 1,329,650.

At this preliminary stage, before any fact finding and pre-trial procedures (including disclosure of documents) have been conducted and before the statement of defense has been prepared and filed, the Company cannot evaluate the chances of the claim to succeed.

Note 6 - Significant Events During the Reporting Period

- a. On January 8, 2021, the Company conducted a public offering of its securities pursuant to which it issued 1,569,179 shares of its common stock for gross proceeds of \$2,008. The net proceeds to the Company from the offering were approximately \$1,700, after deducting placement agent’s fees and other estimated offering expenses payable by the Company.
- b. In January and February 2021, a holder of warrants exercised warrants to purchase 725,000 ordinary shares of the Company in exchange for \$797.
- c. On March 25, 2021, the Company conducted a public offering of its shares of common stock pursuant to which it issued 2,618,532 shares of its common stock for gross proceeds of \$3,300. The net proceeds to the Company from the offering were approximately \$2,872, after deducting placement agent’s fees and other estimated offering expenses payable by the Company.
- d. On May 7, 2021, the Company issued an additional 392,780 shares of the Company’s common stock in connection with the full exercise of the underwriter’s over-allotment option granted in the Company’s March 2021 public offering. These additional shares were sold to the underwriter at a public offering price of \$1.26 per share, resulting in additional net proceeds to the Company, net of the underwriting discount, of approximately \$463.
- e. On May 26, 2021, the Company issued 2,500,000 shares of common stock to Ms. Zigdon in consideration of the Waiver. See note 1(c) above.
- f. In late 2019, a novel strain of COVID-19, also known as coronavirus, was reported in Wuhan, China. While initially the outbreak was largely concentrated in China, it has now spread to Israel and the United States, and infections have been reported globally. Many countries around the world, including in Israel, have from time to time significant governmental measures being implemented to control the spread of the virus, including temporary closure of businesses, severe restrictions on travel and the movement of people, and other material limitations on the conduct of business. These measures have resulted in work stoppages and other disruptions. The Company has implemented remote working and work place protocols for its employees in accordance with government requirements. In addition, while the Company has seen an increased demand for MySizeID, the COVID-19 pandemic has had a particularly adverse impact on the retail industry and this has resulted in an adverse impact on the Company’s marketing and sales activities. For example, the Company has three ongoing pilots with international retailers that have been halted, the Company is unable to participate physically in industry conferences, its ability to meet with potential customers is limited and in certain instances sales processes have been delayed or cancelled. The extent to which COVID-19 continues to impact the Company’s operations will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the duration and severity of the outbreak, and the actions that may be required to contain COVID-19 or treat its impact.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis provides information that we believe to be relevant to an assessment and understanding of our results of operations and financial condition for the periods described. This discussion should be read together with our condensed consolidated interim financial statements and the notes to the financial statements, which are included in this Quarterly Report on Form 10-Q. This information should also be read in conjunction with the information contained in our Annual Report on Form 10-K for the year ended December 31, 2020, filed with the Securities and Exchange Commission on March 29, 2021, or the Annual Report, including the consolidated annual financial statements as of December 31, 2020 and their accompanying notes included therein.

This Quarterly Report on Form 10-Q contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended. Any statements in this Quarterly Report on Form 10-Q about our expectations, beliefs, plans, objectives, assumptions or future events or performance are not historical facts and are forward-looking statements. These statements are often, but not always, made through the use of words or phrases such as “believe,” “will,” “expect,” “anticipate,” “estimate,” “intend,” “plan” and “would.” For example, statements concerning financial condition, possible or assumed future results of operations, growth opportunities, industry ranking, plans and objectives of management, markets for our common stock and future management and organizational structure are all forward-looking statements. Forward-looking statements are not guarantees of performance. They involve known and unknown risks, uncertainties and assumptions that may cause actual results, levels of activity, performance or achievements to differ materially from any results, levels of activity, performance or achievements expressed or implied by any forward-looking statement.

Any forward-looking statements are qualified in their entirety by reference to the risk factors discussed throughout this Quarterly Report on Form 10-Q. Some of the risks, uncertainties and assumptions that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include but are not limited to:

- *our history of losses and needs for additional capital to fund our operations and our inability to obtain additional capital on acceptable terms, or at all;*
- *our ability to continue as a going concern;*
- *risks related to the COVID-19 pandemic;*
- *the new and unproven nature of the measurement technology markets;*
- *our ability to achieve customer adoption of our products;*
- *our dependence on assets we purchased from a related party and the risk that such assets may in the future be repurchased;*
- *our ability to enhance our brand and increase market awareness;*
- *our ability to introduce new products and continually enhance our product offerings;*
- *the success of our strategic relationships with third parties;*
- *information technology system failures or breaches of our network security;*
- *competition from competitors;*
- *our reliance on key members of our management team;*
- *current or future litigation; and*
- *the impact of the political and security situation in Israel on our business.*

The foregoing list sets forth some, but not all, of the factors that could affect our ability to achieve results described in any forward-looking statements. You should read this Quarterly Report on Form 10-Q and the documents that we reference herein and have filed as exhibits to the Quarterly Report on Form 10-Q completely and with the understanding that our actual future results may be materially different from what we expect. You should assume that the information appearing in this Quarterly Report on Form 10-Q is accurate as of the date hereof. Because the risk factors referred to on page 12 of our Annual Report, could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements made by us or on our behalf, you should not place undue reliance on any forward-looking statements. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time to time, and it is not possible for us to predict which factors will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. We qualify all of the information presented in this Quarterly Report on Form 10-Q, and particularly our forward-looking statements, by these cautionary statements.

Unless the context otherwise requires, all references to “we,” “us,” “our” or “the Company” in this Quarterly Report on Form 10-Q are to My Size, Inc. a Delaware corporation, and its subsidiaries, including MySize Israel 2014 Ltd, Topspin Medical (Israel) Ltd and My Size LLC. taken as a whole.

Overview

We are a creator of mobile device measurement solutions that has developed innovative solutions designed to address shortcomings in multiple verticals, including the e-commerce fashion/apparel, shipping/parcel and do it yourself, or DIY, industries. Utilizing our sophisticated algorithms within our proprietary technology, we can calculate and record measurements in a variety of novel ways, and most importantly, increase revenue for businesses across the globe.

Our solutions can be utilized to accurately take measurements of a variety of items via a mobile device. By downloading the application to a smartphone, the user is then able to run the mobile device over the surface of an item the user wishes to measure. The information is then automatically sent to a cloud-based server where the dimensions are calculated through our proprietary algorithms, and the accurate measurements (+ or - 2 centimeters) are then sent back to the user’s mobile device. We believe that the commercial applications for this technology are significant in many areas.

Currently, we are mainly focusing on the e-commerce fashion/apparel industry. In addition, our solutions address the shipping/parcel and DIY uses markets.

While we rollout our products to major retailers and apparel companies, there is a lead time for new customers to ramp up before we can recognize revenue. This lead time varies between customers, especially when the customer is a tier 1 retailer, where the integration process may take longer. Generally, first we integrate our product into a customer’s online platform, which is followed by piloting and implementation, and, assuming we are successful, commercial roll-out, all of which takes time before we expect it to impact our financial results in a meaningful way. While we have begun generating initial sales revenue, we do not expect to generate meaningful revenue during the upcoming quarters. Because of the numerous risks and uncertainties associated with the success of our market penetration and our dependence on the extent to which MySizeID is adopted and utilized, we are unable to predict the extent to which we will recognize revenue. We may be unable to successfully develop or market any of our current or proposed products or technologies, those products or technologies may not generate any revenues, and any revenues generated may not be sufficient for us to become profitable or thereafter maintain profitability.

Important Information about COVID-19

In late 2019, a novel strain of COVID-19, also known as coronavirus, was reported in Wuhan, China. While initially the outbreak was largely concentrated in China, it has now spread to Israel and the United States, and infections have been reported globally. Many countries around the world, including in Israel, have from time to time significant governmental measures implemented to control the spread of the virus, including temporary closure of businesses, severe restrictions on travel and the movement of people, and other material limitations on the conduct of business. These measures have resulted in work stoppages and other disruptions. We implemented remote working and work place protocols for our employees in accordance with Israeli government requirements. In addition, while we have seen an increased demand for MySizeID, the COVID-19 pandemic has had a particularly adverse impact on the retail industry and this has resulted in an adverse impact on our marketing and sales activities. For example, we have three ongoing pilots with international retailers that have been halted, we are unable to participate physically in industry conferences, our ability to meet with potential customers is limited, and in certain instances sales processes have been delayed or cancelled. The extent to which COVID-19 continues to impact our operations will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the duration and severity of the outbreak, and the actions that may be required to contain COVID-19 or treat its impact.

Six and Three Months Ended June 30, 2021 Compared to Six and Three Months Ended June 30, 2020

Revenues

We started to generate revenue in 2019 and we expect to incur additional losses to increase our sales and marketing efforts and to perform further research and development activities. Our revenues for the six months ended June 30, 2021 amounted to \$57,000 compared to \$51,000 for the six months ended June 30, 2020.

Our revenues for the three months ended June 30, 2021 amounted to \$30,000 compared to \$21,000 for the three months ended June 30, 2020. The increase from both six and three months corresponding period primarily resulted from increase in traffic, as measured by the MySizeID engine per the license agreements.

Research and Development Expenses

Our research and development expenses for the six months ended June 30, 2021 amounted to \$3,380,000 compared to \$688,000 for the six months ended June 30, 2020. The increase from the corresponding period primarily resulted from share based payment in amount of \$2,618,000 attributed to the share issuance to Shoshana Zigdon under that certain Amendment to Purchase Agreement dated May 26, 2021.

Our research and development expenses for the three months ended June 30, 2021 amounted to \$3,007,000 compared to \$340,000 for the three months ended June 30, 2020. The increase from the corresponding period primarily resulted from share based payment in amount of \$2,618,000 attributed to the share issuance to Shoshana Zigdon under that certain Amendment to Purchase Agreement dated May 26, 2021.

Sales and Marketing Expenses

Our sales and marketing expenses for the six months ended June 30, 2021 amounted to \$1,277,000 compared to \$1,077,000 for the six months ended June 30, 2020. The increase in comparison with the corresponding period was mainly due to an increase in payments to consultants, share-based payments and hiring new sales consultants offset by decrease in travel and marketing expenses.

Our sales and marketing expenses for the three months ended June 30, 2021 amounted to \$731,000 compared to \$452,000 for the three months ended June 30, 2020. The increase in comparison with the corresponding period was mainly due to an increase in payments to consultants, hiring new sales consultants and increase in share-based payments was offset by decrease in marketing expenses.

General and Administrative Expenses

Our general and administrative expenses for the six months ended June 30, 2021 amounted to \$1,229,000 compared to \$1,078,000 for the six months ended June 30, 2020. The increase in comparison with the corresponding period was mainly due to an increase in insurance expenses.

Our general and administrative expenses for the three months ended June 30, 2021 amounted to \$605,000 compared to \$562,000 for the three months ended June 30, 2020. The increase in comparison with the corresponding period was mainly due to an increase in insurance expenses.

Operating Loss

As a result of the foregoing, for the six month ended June 30, 2021, our operating loss was \$5,829,000, an increase of \$3,036,000, or 109%, compared to our operating loss for the six month ended June 30, 2020 of \$2,793,000. The increase from the corresponding period primarily resulted from share based payment in amount of \$2,618,000 attributed to the share issuance to Shoshana Zigdon under that certain Amendment to Purchase Agreement dated May 26, 2021.

As a result of the foregoing, for the three month ended June 30, 2021, our operating loss was \$4,313,000, an increase of \$2,980,000, or 223%, compared to our operating loss for the three month ended June 30, 2020 of \$1,333,000. The increase from the corresponding period primarily resulted from share based payment in amount of \$2,618,000 attributed to the share issuance to Shoshana Zigdon under that certain Amendment to Purchase Agreement dated May 26, 2021.

Financial Income, Net

Our financial income, net for the six months ended June 30, 2021 amounted to \$32,000 as opposed to financial income of \$30,000 for the six months ended June 30, 2020. During the six months ended June 30, 2021, financial income derived mainly from investment in marketable and from exchange rate expenses.

Our financial expense, net for the three months ended June 30, 2021 amounted to \$27,000 compared to financial income of \$29,000 for the three months ended June 30, 2020. During the three months ended June 30, 2021, financial expenses mainly derived from revaluation of investment in marketable securities whereas in the corresponding period we had financial income mainly from investment in marketable and from exchange rate expenses.

Net Loss

As a result of the foregoing research and development, sales and marketing, general and administrative expenses initial revenues, and financial expenses, our net loss for the six months ended June 30, 2021 was \$5,797,000 compared to net loss of \$2,763,000 for the six months ended June 30, 2020, the increase in the net loss was mainly due to the reasons mentioned above.

As a result of the foregoing research and development, sales and marketing, general and administrative expenses initial revenues, and financial expenses, our net loss for the three months ended June 30, 2021 was \$4,340,000, compared to net loss of \$1,304,000 for the three months ended June 30, 2020, the increase in the net loss was mainly due to the reasons mentioned above.

Liquidity and Capital Resources

Since our inception, we have funded our operations primarily through public and private offerings of debt and equity in the State of Israel and in the U.S.

As of June 30, 2021, we had cash, cash equivalents, restricted cash of \$5,093,000 compared to \$1,774,000 of cash, cash equivalents and restricted cash as of December 31, 2020. This increase primarily resulted from the public offerings that we completed in January and March 2021, including the overallotment that closed in May 2021, and proceeds from warrants that were exercised, as further described below.

On March 25, 2021, we completed an underwritten public offering of our common stock pursuant to which we issued 2,618,532 shares of our common stock at a public offering price of \$1.26 per share for gross proceeds of approximately \$3,300,000. We received net proceeds of approximately \$2,872,000, after deducting the underwriting discounts and commissions and estimated offering expenses. On May 7, 2021, we issued an additional 392,780 shares of our common stock in connection with the full exercise of the underwriter's overallotment option granted in the March 2021 public offering. These additional shares were sold to the underwriter at a public offering price of \$1.26 per share, resulting in additional net proceeds, after deducting the underwriting discount, of \$463,260.

Prior to that, on January 8, 2021, we completed an underwritten public offering of our common stock pursuant to which we issued 1,569,179 shares of our common stock at a public offering price of \$1.28 per share for gross proceeds of approximately \$2,008,000. We received net proceeds of approximately \$1,700,000, after deducting the underwriting discounts and commissions and estimated offering

expenses. Furthermore, in January and February 2021, a holder of warrants exercised warrants to purchase 725,000 of our ordinary shares in exchange for \$797,000.

Cash used in operating activities amounted to \$2,669,000 for the six months ended June 30, 2021, compared to \$2,625,000 for the six months ended June 30, 2020.

Net cash provided by investing activities was \$172,000 for the six months ended June 30, 2021, compared to \$200,000 (used in) investing activities for the six months ended June 30, 2020.

Net cash provided by financing activities was \$5,832,000 for the six months ended June 30, 2021, compared to \$6,011,000 for the six months ended June 30, 2020. The cash flow from financing activities for the six months ended June 30, 2021 resulted from the public offerings that occurred in January 2021 and March 2021, including the full exercise of the underwriter's overallotment option that occurred in May 2021 and from proceeds that were received from an investor for warrants that were exercised.

We do not have any material commitments for capital expenditures during the next twelve months.

We expect to continue to generate losses and negative cash flows from operations for the foreseeable future and expect to need to obtain additional funds in the future. Based on the projected cash flows and cash balances as of June 30, 2021, management is of the opinion that our existing cash will be sufficient to fund operations until the end of March 2022. As a result, there is substantial doubt about the Company's ability to continue as a going concern. However, we will need to raise additional capital, which may not be available on reasonable terms or at all. Additional capital would be used to accomplish the following:

- finance our current operating expenses;
- pursue growth opportunities;
- hire and retain qualified management and key employees;
- respond to competitive pressures;
- comply with regulatory requirements; and
- maintain compliance with applicable laws and exchange rules.

Current conditions in the capital markets are such that traditional sources of capital may not be available to us when needed or may be available only on unfavorable terms. Our ability to raise additional capital, if needed, will depend on conditions in the capital markets, the COVID-19 pandemic, economic conditions shareholder activism and a number of other factors, many of which are outside our control, and on our financial performance. Accordingly, we cannot assure you that we will be able to successfully raise additional capital at all or on terms that are acceptable to us. If we cannot raise additional capital when needed, it may have a material adverse effect on our business, results of operations and financial condition.

To the extent that we raise additional capital through the sale of equity or convertible debt securities, the issuance of such securities could result in substantial dilution for our current stockholders. The terms of any securities issued by us in future capital transactions may be more favorable to new investors, and may include preferences, superior voting rights and the issuance of warrants or other derivative securities, which may have a further dilutive effect on the holders of any of our securities then-outstanding. We may issue additional shares of our common stock or securities convertible into or exchangeable or exercisable for our common stock in connection with hiring or retaining personnel, option or warrant exercises, future acquisitions or future placements of our securities for capital-raising or other business purposes. The issuance of additional securities, whether equity or debt, by us, or the possibility of such issuance, may cause the market price of our common stock to decline and existing stockholders may not agree with our financing plans or the terms of such financings. In addition, we may incur substantial costs in pursuing future capital financing, including investment banking fees, legal fees, accounting fees, securities law compliance fees, printing and distribution expenses and other costs. We may also be required to recognize non-cash expenses in connection with certain securities we issue, such as convertible notes and warrants, which may adversely impact our financial condition. Furthermore, any additional debt or equity financing that we may need may not be available on terms favorable to us, or at all. If we are unable to obtain such additional financing on a timely basis, we may have to curtail our development activities and growth plans and/or be forced to sell assets, perhaps on unfavorable terms, or we may have to cease our operations, which would have a material adverse effect on our business, results of operations and financial condition.

Off-Balance Sheet Arrangements

We have not entered into any transactions with unconsolidated entities in which we have financial guarantees, subordinated retained interests, derivative instruments or other contingent arrangements that expose us to material continuing risks, contingent liabilities or any other obligations under a variable interest in an unconsolidated entity that provides us with financing, liquidity, market risk or credit risk support.

Application of Critical Accounting Policies and Estimates

Our management's discussion and analysis of our financial condition and results of operations is based on our financial statements, which we have prepared in accordance with U.S. generally accepted accounting principles. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported expenses during the reporting periods. Actual results may differ from these estimates under different assumptions or conditions.

While our significant accounting policies are more fully described in the notes to our financial statements appearing elsewhere in this report, we believe that the accounting policies discussed below are critical to our financial results and to the understanding of our past and future performance, as these policies relate to the more significant areas involving management's estimates and assumptions. We consider an accounting estimate to be critical if: (1) it requires us to make assumptions because information was not available at the time or it included matters that were highly uncertain at the time we were making our estimate; and (2) changes in the estimate could have a material impact on our financial condition or results of operations.

Revenue from Contracts with Customers

The Company implemented ASC 606, Revenue from Contract with Customers.

To recognize revenue under ASC 606, the Company applies the following five steps:

1. Identify the contract with a customer. A contract with a customer exists when the Company enters into an enforceable contract with a customer and the Company determines that collection of substantially all consideration for the services is probable.
2. Identify the performance obligations in the contract.
3. Determine the transaction price. The transaction price is determined based on the consideration to which the Company will be entitled in exchange for providing the service to the customer.
4. Allocate the transaction price to performance obligations in the contract. If a contract contains a single performance obligation, the entire transaction price is allocated to the single performance obligation.
5. Recognize revenue when or as the Company satisfies a performance obligation. When the Company provides a service, revenue is recognized over the service term.

The Company's revenue is derived from the sale of cloud-enabled software subscriptions, associated software maintenance and support.

Revenue is recognized when a contract exists between the Company and a customer (business) and upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. The Company enters into contracts that can include various combinations of products and services, which may be capable of being distinct and accounted for as separate performance obligations. In case of offerings such as cloud-enabled subscription, other service elements in the contract are generally delivered concurrently with the subscription services and therefore revenue is recognized in a similar manner as the subscription services.

Product, Subscription and Services Offerings

Such performance obligations includes cloud-enabled subscriptions, software maintenance, training and technical support.

Fully hosted subscription services (SaaS) allow customers to access hosted software during the contractual term without taking possession of the software. Cloud-hosted subscription services are sold on a fee-per-subscription that is based on consumption or usage (per fit recommendation).

We recognize revenue ratably over the contractual service term for hosted services that are priced based on a committed number of transactions where the delivery and consumption of the benefit of the services occur evenly over time, beginning on the date the services associated with the committed transactions are first made available to the customer and continuing through the end of the contractual service term. Over-usage fees and fees based on the actual number of transactions are billed in accordance with contract terms as these fees are incurred and are included in the transaction price of an arrangement as variable consideration. Fees based on a number of transactions or impressions per month, are allocated to the period in which the transactions occur. Revenue for subscriptions sold as a fee per period is recognized ratably over the contractual term as the customer simultaneously receives and consumes the benefit of the underlying service.

Item 3. Quantitative and Qualitative Disclosure About Market Risk.

Not required for a smaller reporting company.

Item 4. Controls and Procedures.**Disclosure Controls and Procedures**

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and regulations thereunder, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) under the Exchange Act, our management, under the supervision and with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of June 30, 2021. Based upon such evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of June 30, 2021 were effective.

Our Chief Executive Officer and Chief Financial Officer do not expect that our disclosure controls and procedures or our internal controls will prevent all error or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected.

Changes in Internal Controls

During the most recent fiscal quarter, no change has occurred in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Part II – Other Information

Item 1. Legal Proceedings.

From time to time, we may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business.

On August 7, 2018, we commenced an action against North Empire LLC, or North Empire, in the Supreme Court of the State of New York, County of New York for breach of a Securities Purchase Agreement or Agreement in which we are seeking damages in an amount to be determined at trial, but in no event less than \$616,000. On August 2, 2018, North Empire filed a Summons with Notice against us, also in the same Court, in which they allege damages in an amount of \$11.4 million arising from an alleged breach of the Agreement. On September 6, 2018, North Empire filed a Notice of Discontinuance of the action it had filed on August 2, 2018. On September 27, 2018, North Empire filed an answer and asserted counterclaims in the action commenced by us against them, alleging that we failed to deliver stock certificates to North Empire causing damage to North Empire in the amount of \$10,958,589. North Empire also filed a third-party complaint against our CEO and now former Chairman of the Board asserting similar claims against them in their individual capacities. On October 17, 2018, we filed a reply to North Empire's counterclaims. On November 15, 2018, our CEO and now former Chairman of the Board filed a motion to dismiss North Empire's third-party complaint. On January 6, 2020, the Court granted the motion and dismissed the third-party complaint. Discovery has been completed and both parties have filed motions for summary judgment in connection with the claims and counterclaims.

On July 5, 2021, the Company was served with a legal complaint filed by Fidelity Venture Capital Ltd. and Dror Atzmon in the Magistrate's Court in Tel Aviv for a monetary award in an amount of NIS 1,436,679 and declaratory relief. The plaintiffs allege that the Company breached its contractual obligations to pay them for services allegedly rendered to the Company by the plaintiffs under a certain consulting agreement in an amount of NIS 819,000. Additionally, the plaintiffs allege that the Company should compensate them for losses allegedly incurred by them following their investment in the Company's shares issued under a certain private offering. In the alternative, the plaintiffs move that the court will declare the investment agreement void with full restitution of plaintiffs' original investment in an amount of NIS 1,329,650. At this preliminary stage, before any fact finding and pre-trial procedures (including disclosure of documents) have been conducted and before the statement of defense has been prepared and filed, we cannot evaluate the chances of the claim to succeed.

Item 1A. Risk Factors.

Our business could be negatively affected as a result of a potential proxy contest for the election of directors at our annual meeting or other stockholder activism.

In May 2021, we received notice from a purported stockholder of its intention to nominate four candidates to stand for election to our Board of Directors at our 2021 annual meeting of stockholders. If this purported stockholder or any other stockholder engages in a proxy contest or other stockholder activism, we could incur significant legal fees and proxy solicitation expenses, and such actions would require significant time and attention by management and our Board of Directors. The potential of a proxy contest or other stockholder activism could interfere with our ability to execute our strategic plan, give rise to perceived uncertainties as to our future direction, adversely affect our relationships with key business partners, result in the loss of potential business opportunities or make it more difficult to attract and retain qualified personnel, any of which could materially and adversely affect our business and operating results. The market price of our common stock could be subject to significant fluctuation or otherwise be adversely affected by the events, risks and uncertainties related to any such stockholder activism.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Except as set forth below and other than as disclosed in a Current Report on Form 8-K, there were no unregistered sales of equity securities by the Company during the three month period ended June 30, 2021.

In May 2021, we entered into an agreement with a consultant pursuant to which we agreed to issue warrants to purchase an aggregate of 100,000 shares of common stock, 50,000 of which are exercisable at \$1.50 per share and 50,000 of which are exercisable at \$2.00 per share, in each case exercisable until December 31, 2022. In addition, in June 2021, we entered into an agreement with a consultant pursuant to which we agreed to issue warrants to purchase 50,000 shares of common stock at an exercise price of \$1.50 per share exercisable until December 31, 2022. The warrants and the shares underlying the warrants were offered and sold pursuant to an exemption from the registration requirements under Section 4(a)(2) of the Securities Act since, among other things, the transactions did not involve a public offering.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

The information set forth below is included herein for the purpose of proving the disclosure required under "Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers".

On August 11, 2021, the Company's board of directors increased the size of the board of directors to five members and appointed Guy Zimmerman to serve on the Company's board of directors, effective immediately and to serve until the next annual meeting of the Company's stockholders.

Guy Zimmerman, age, 53, serves as Founder and CEO of ManuFuture, an online b2b engineering market place, since February 2021. Prior to that from 2017 to 2021, Mr. Zimmerman acted as a consultant to several technology start-ups and was a founding partner of a business travel online platform. From 2013 to 2017, Mr. Zimmerman served as EVP of Marketing and Business Development of Kornit Digital and was part of the IPO leadership. Prior to that, Mr. Zimmerman served as VP of Global Sales and Business Development at Tefron Ltd., a provider of seamless garment technology, where he led the \$100m sales and sales support organization serving global retail and fashion brands. Prior to that he served as Vice President of Strategy and Business Development at Tnuva Group, Israel's largest food manufacturer and spent eight years at McKinsey & Company. Mr. Zimmerman previously led a software startup in the field of operational healthcare management systems. Mr. Zimmerman holds a B.Sc. in Industrial Engineering from Tel Aviv University in Israel.

There are no arrangements or understandings between Mr. Zimmerman and any other persons pursuant to which he was appointed as a director. There are also no family relationships between Mr. Zimmerman and any of the Company's other directors or executive officers, and he has no direct or indirect material interest in any transaction required to be disclosed pursuant to Item 404(a) of Regulation S-K.

Mr. Zimmerman will receive compensation for his board service as a non-employee director consistent with the Company's other non-employee directors.

On August 16, 2021, the Company's compensation committee approved an increase in base salary to (i) Ronen Luzon, the Company's Chief Executive Officer, from 50,000 NIS to 55,000 NIS per month, (ii) Or Kles, the Company's Chief Financial Officer, from 30,000 NIS to 38,000 NIS per month, and (iii) Billy Pardo, the Company's Chief Operating Officer, from 40,000 NIS to 47,500 NIS per month, effective August 1, 2021.

AMENDMENT TO PURCHASE AGREEMENT

THIS AMENDMENT TO PURCHASE AGREEMENT (this “**Amendment**”), is made and entered into on May 25, 2021, by and among (i) My Size Israel 2014 Ltd. (the “**Company**”); (ii) My Size, Inc. (the “**Parent**”); and (iii) Shoshana Zigdon, of 43 Shimon Ben Zvi Street, Givatayim, Israel (“**Shoshana**”).

WHEREAS, the Company and Shoshana entered into that certain Purchase Agreement, dated February 16, 2014 (the “**Agreement**”);

WHEREAS, Shoshana wishes to waive certain rights under the Agreement, in consideration for the issuance of shares of the Parent (which constitute less than 19.99% of the outstanding shares of the Parent immediately prior to entering into this Amendment), all as set forth in this Amendment below;

WHEREAS, prior to execution of this Amendment, the Company agreed to extend Shoshana’s option period under section 9.4 of the Agreement by an additional 30 days (i.e., until June 16, 2021); and

WHEREAS, the provisions contained in this Amendment shall be considered a valid alteration of the Agreement pursuant to Section 11.5 of the Agreement.

NOW, THEREFORE, the parties agree as follows:

1. INTERPRETATION; DEFINITIONS

- 1.1. The recitals above and schedules hereto constitute an integral part hereof.
- 1.2. The headings of the sections and subsections of this Amendment are for convenience of reference only and are not to be considered in construing this Amendment.
- 1.3. Capitalized terms used in this Amendment and not otherwise defined herein, shall have the meaning ascribed to such terms in the Agreement.
- 1.4. This Amendment shall constitute an integral part of the Agreement. The provisions of the Agreement shall continue to apply to the parties except where expressly modified or added to herein. In the event of any contradiction between the explicit provisions of this Amendment and the provisions of the Agreement, the provisions of this Amendment shall prevail.

2. AMENDMENT

- 2.1. Subject to the issuance of the Shares (as defined below), Shoshana hereby irrevocably, unconditionally and absolutely waives: (i) any right to exercise the “option to purchase the property being Sold”, as set forth in Section 9.3 through Section 9.7 of the Agreement, and such Sections shall be deemed cancelled in their entirety, effective as of the date hereof; and (ii) all past, present and future rights in any of the intellectual property rights sold, transferred and assigned to the Company under the Agreement, and any modifications, amendments or improvements made thereto, including without limitation any compensation, reward or any rights to royalties (including under Section 5.1 of the Agreement) or to receive any payment or other consideration whatsoever in connection with such intellectual property rights, whether contractual, statutory or otherwise (collectively, the “**Waiver**”).
 - 2.2. In consideration of the Waiver, the Parent undertakes to issue to Shoshana 2,500,000 shares of Common Stock par value \$0.001 per share (the “**Shares**”).
 - 2.3. As soon as practicable (and in any event within 30 calendar days of the date of this Amendment), the Company shall use commercially reasonable efforts to file a registration statement on Form S-3 (or Form S-1 if Form S-3 is unavailable) providing for the resale by Shoshana of the Shares (the “**Registration Statement**”). The Company shall use its commercially reasonable efforts to cause such Registration Statement to become effective within 60 days following the issuance of the Shares.
-

2.4. Lock Up; Leak Out. For a period commencing on the date hereof and ending on November 1 2021, Shoshana agrees that she shall not, directly or indirectly, without the prior written consent of the Company, agree or offer to sell, sell short, grant an option to buy, dispose or otherwise transfer any Shares. Notwithstanding the above, following the effectiveness of the Registration Statement (“Effectiveness”) and subject to compliance with applicable securities laws, Shoshana will be entitled to sell the following amount of Shares: (i) As of July 30th, 2021 (but not before Effectiveness) – 625,000 Shares; (ii) As of August 31st, 2021 (but not before Effectiveness) – 625,000 Shares; (iii) As of September 30th, 2021 (but not before Effectiveness) – 625,000 Shares; (iv) As of October 31st, 2021 (but not before Effectiveness) – 625,000 Shares.

3. REPRESENTATIONS BY SHOSHANA

3.1. Shoshana hereby represents and warrants to the Parent, as of the date hereof, and as of each date in which she is issued Shares referred to in Section 2.2, as follows:

- a. that Shoshana is “accredited investor” as that term is defined in Rule 501(a) of Regulation D (an “**Accredited Investor**”) and is not subject to any of the “Bad Actor” disqualifications described in Rule 506(d)(1)(i) to (viii) under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”);
 - b. that Shoshana meets the conditions in order to be deemed as an one of the investors who are specified in Section 15A(b) of the Israeli Securities Law, 5728-1968;
 - c. Shoshana understands that the Shares have not been registered under the Securities Act by reason of a claimed exemption under the provisions of the Securities Act that depends, in part, upon Shoshana’s investment intention. In this connection, Shoshana hereby represents that she is purchasing the Shares for her own account for investment and not with a view toward the resale or distribution to other;
 - d. in case Shoshana is not a U.S. Person, that she (i) acknowledges that the Shares shall be considered “restricted securities” within the meaning of the SEC’s Rule 144 and the certificate(s) representing or evidencing the Shares will contain a customary restrictive legend restricting the offer, sale or transfer of the Shares except in accordance with the provisions of Regulation S under the Securities Act (“**Regulation S**”) pursuant to registration under the Securities Act and as permitted thereunder, or pursuant to an available exemption from registration, (ii) agrees that all offers and sales by her of the Shares shall be made pursuant to an effective registration statement under the Securities Act or pursuant to an exemption from, or a transaction not subject to the registration requirements of, the Securities Act, (iii) represents that the offer to purchase the Shares was made to her outside of the U.S., and she was, at the time of the offer and will be, at the time of the sale and is now, outside the U.S., (iv) has not engaged in or directed any unsolicited offers to purchase Shares in the U.S., (v) is neither a U.S. Person nor a Distributor (as such terms are defined in Rule 902(k) and 902(d), respectively, of Regulation S), (vi) is purchasing the Shares for her own account and not for the account or benefit of any U.S. Person, (vii) will be the sole beneficial owner of the Shares upon issuance and has not pre-arranged any sale with a any other stockholder of the Parent in the U.S., and (ix) is familiar with and understands the terms and conditions and requirements contained in Regulation S, specifically, without limitation, she understands that the statutory basis for the exemption claimed for the sale of the Shares would not be present if the sale, although in technical compliance with Regulation S, is part of a plan or scheme to evade the registration provisions of the Securities Act.
-

- e. at the date hereof, Shoshana does not own any shares of Common Stock of the Parent.
- f. either alone or together with its representatives, Shoshana has such knowledge, sophistication and experience in business and financial matters so as to be capable of evaluating the merits and risks of the prospective investment in the Parent, and has so evaluated the merits and risks of such investment. Shoshana is able to bear the economic risk of an investment in the Parent and, at the present time, is able to afford a complete loss of such investment.
- g. Shoshana acknowledges that she has had the opportunity to review this Amendment and the Parent's filings with the Commission and has been afforded, (i) the opportunity to ask such questions as she has deemed necessary of, and to receive answers from, representatives of the Parent concerning the terms and conditions of the offering of the Shares and the merits and risks of investing in the Parent (ii) access to information about the Parent and its financial condition, results of operations, business, properties, management and prospects sufficient to enable it to evaluate its investment; and (iii) the opportunity to obtain such additional information that the Parent possesses or can acquire without unreasonable effort or expense that is necessary to make an informed investment decision with respect to the investment.
- h. Shoshana has independently evaluated the merits of its decision to purchase the shares of Common Stock pursuant to this Amendment. Shoshana understands that nothing in this Amendment or any other materials presented by or on behalf of the Parent or Company to Shoshana in connection with the purchase of the Shares constitutes legal, tax or investment advice. Shoshana has consulted such legal, tax and investment advisors as she, in her sole discretion, has deemed necessary or appropriate in connection with its purchase of the Shares without reliance on any tax advice from the Company, the Parent or any of their respective shareholders, directors, officers, employees and agents.
- i. Notwithstanding anything contained herein, any tax consequences arising from the issuance of the Shares, from the payment for Shares covered thereby or from any other event or act in connection with the transactions contemplated hereunder, shall be borne solely by Shoshana.

4. INDEMNIFICATIONS AND HOLD HARMLESS

- 4.1. The Company and the Parent undertake to indemnify and hold Shoshana harmless from and against any and all losses, costs, damages or expenses of any kind and nature whatsoever (including, but not limited to, reasonable attorneys' fees), but excluding any expenses attributable to tax matters, any indirect, incidental or consequential loss, such as, losses associated with, resulting from, or comprised of loss of profits, loss of use or revenue and any special or punitive losses or decrease in value of the Shares, which Shoshana incurs by reason of any claims or actions made against Shoshana by any other shareholder of the Parent in connection with or as a result of the issuance and/or the resale by Shoshana of the Shares which are the subject matter hereof and in this respect shall fully assume, at their own expense, Shoshana's defense against any such claims or actions.
 - 4.2. Notwithstanding the foregoing, in no event will the total liability for indemnification by the Company and the Parent hereunder towards Shoshana exceed USD 50,000.
 - 4.3. Notwithstanding any of the above, to the extent any claims or actions shall be made against both Shoshana and the Company, the Company shall assume the legal defense for both defendants with counsel chosen by the Company and reasonably satisfactory to Shoshana and the Company shall exclusively bear all legal costs and expenses related thereto (for both defendants), provided it is hereby clarified that that the Company will not bear any legal costs or expenses incurred by Shoshana in connection with such claims or actions without the Company's prior written approval.
-

5. **MISCELLANEOUS**

5.1. Section 11 (*Miscellaneous*) of the Agreement shall apply *mutatis mutandis* to this Amendment.

IN WITNESS THEREOF, this Amendment has been duly executed on the date set forth above:
